

***Layfield Primary School
Child Protection Policy***

Date: August 2022

Policy Review Cycle: Annually

Review Assigned to: Layfield Primary School Local Governing Body

****Policy in practice & approved by Layfield Primary School Safeguarding Governor/Committee Chair September 2022. Policy will be further reviewed and ratified by the Oversight Board at their first meeting on 06 October 2022.***

Purpose and aim

Layfield Primary School's whole-school Child Protection Policy aims to provide clear direction to staff and others about expected codes of behaviour in dealing with child welfare concerns. The policy also aims to make explicit the school's commitment to the development of good practice and sound procedures to keep children safe in our school. This policy recognises that all forms of harm/abuse including extra familial harm can occur in all communities and contexts (home, school, online and local area) and that all staff have a responsibility and the opportunity to support children, in sharing concerns and worries in school to feel safe. The whole school culture of vigilance in Layfield Primary School creates a safe space where children are supported, listened to and responded to effectively, as well as valued in what they choose to share and that ALL staff act immediately with the necessary level of intervention to create the most effective outcome for every individual child.

The purpose of the policy is, therefore, to ensure that our children's welfare is of paramount importance, early and additional help is offered to prevent escalation and where Child Protection concerns are identified referrals are handled confidentially, sensitively and professionally and in ways that support the needs of the child's well-being.

Governors and staff are committed within Layfield Primary School to keeping children safe and promoting the welfare of children in our care through all our policies, procedures and practices. We expect all our students' parents and visitors to share this commitment and understanding.

Introduction

Layfield Primary School fully recognises the contribution it can make to keeping children safe and supporting the students in its care. There are four main elements to Layfield Primary School's Child Protection Policy:

- **Prevention** (positive school atmosphere, careful and vigilant teaching, pastoral care, support to students, providing good adult role models and the identification of early and additional support/services to children and families and recognising and reducing risks to children including harassment, bullying/cyber-bullying and prejudice-based and discriminatory bullying, victimisation, sexual abuse (including sexual harassment/violence and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse), criminal exploitation, serious youth violence, county lines and radicalisation (extremism, radicalisation and terrorism) and issues such as Honour Based Violence, Female Genital Mutilation and Forced Marriage).
- **Protection** (following agreed procedures, ensuring all staff respond appropriately and sensitively to child protection concerns and that every member of staff has regular training and updates at least annually and are supported to refer their concerns to the Designated Safeguarding Lead, Helen Owen (Headteacher) or Deputy Designated Safeguarding Leads, Joanne Smith (Deputy Headteacher) and Clare Bolland (KS2 Team Leader), or the Children's Hub Hartlepool and Stockton on Tees (Tel 01429 284284/01642 130080) directly IF NECESSARY. In certain specific cases such as Female Genital Mutilation (Mandatory reporting of FGM since October 2015), Radicalisation or Forced Marriage there are SPOCS/named teams and individuals within the police who can be contacted).
- **Reconsideration** (following and challenging the progress of new referrals and existing cases to ensure that individual cases are reconsidered if there remains no improvement to a child's circumstances).
- **Support** (for students and school staff and for children who may be vulnerable due to their individual circumstances or extra-familial harm and taking action to enable all children to have the best outcomes).

All staff have the added responsibility of recognising that there may be children with additional vulnerability who remain at higher risk of harm or abuse because of their existing vulnerability. All school and college staff should be particularly alert to the potential need for early help for a child who:

- is disabled or has certain health conditions and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is frequently missing/goes missing from care or from home;
- is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking, sexual or criminal exploitation;
- Has a family member in prison or is affected by parental offending;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- Is at risk of 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is a privately fostered child;
- is persistently absent from education, including persistent absences for part of the school day.

(KCSIE 2022)

All staff have a responsibility to recognise child abuse, neglect and child on child abuse in its many forms by exercising professional curiosity at all times. This means that ALL staff will take a 'zero tolerance' approach to any unacceptable behaviour including 'banter' and will seek to prevent, challenge and take action so that all children understand that any concerns regarding their welfare and safety will be taken seriously. This will encourage and promote a culture of acceptable behaviour and a safe educational environment for all children. All staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Additional guidance on how our school supports the following areas of need, additional need or harm are hyperlinked documents in Appendix 1 of this Child Protection Policy and includes the full list taken from Keeping Children Safe in Education 2022. **Where the school has created an additional school policy because of any specific area of need this is to be read in conjunction with this Child Protection Policy.**

Broadly the areas taken from Keeping Children Safe in Education, 2022 Annex B, include

- Child abduction and community safety incidents
- Child Criminal Exploitation (CCE) and Child Sexual Exploitation (CSE)
- County Lines
- Children in the court system
- Children missing from education
- Children with family members in prison
- Cybercrime
- Domestic Abuse
- Homelessness
- Mental Health
- Modern Slavery and the National Referral Mechanism
- Preventing Radicalisation
- The Prevent duty

- Channel
- Sexual Violence and Sexual Harassment between children in schools and colleges
- Serious violence
- So called 'Honour Based Abuse' inclusive of Female Genital Mutilation (FGM) and Forced Marriage.
- FGM
- FGM mandatory reporting duty for teachers
- Forced Marriage
- Additional support and advice

(KCSIE 2022)

AS STATED THE FULL LIST OF ADDITIONAL ADVICE AND SUPPORTIVE HYPERLINKS CAN BE FOUND IN APPENDIX 1 OF THIS POLICY

In the event of any of the above issues being recognised, information should be shared directly with the Designated Safeguarding Leads which will result in the situation being recorded, evaluated and support offered in school or the student(s) being referred to specific services.

This policy applies to Layfield Primary School's whole workforce.

Framework and Legislation

No school operates in isolation. Keeping children safe from significant harm is the responsibility of all adults especially those working with children. The development of appropriate procedures and the monitoring of good practice are the responsibilities of Hartlepool and Stockton on Tees Safeguarding Children's Partnership, which includes the partnership of several agencies who work with Children and families across the borough.

Layfield Primary School is committed to keeping children safe and safeguarding all children in accordance with Child Protection: Hartlepool and Stockton on Tees Safeguarding Children's Partnership <https://www.hsscp.org.uk/> and partner agencies in all cases where there is a concern about significant harm.

Significant Harm is defined in The Children's Act 1989 as the ill-treatment (including sexual abuse and physical abuse) or the impairment of health (physical or mental) or development (physical, intellectual, emotional, social or behavioural) as compared to a similar child.

Note: harm now includes the impairment of a child's health or development as a result of witnessing the ill-treatment of another person. (*Adoption and Children Act 2002*)

Local Authorities have a duty to investigate (under S47 of the Children Act 1989). Where a Local Authority is informed that there is a child who is living, or is found, in their area and they have reasonable cause to suspect that child is suffering or is likely to suffer significant harm they must make such enquiries as necessary to promote or safeguard the child's welfare. The Children's Hub Hartlepool and Stockton on Tees undertakes this responsibility on behalf of the Local Authority once a referral has been made.

Keeping Children Safe in Education September 2022 contains information on what schools and colleges should do and sets out the legal duties with which schools and colleges must comply. It should be read alongside Working Together to Safeguard Children 2018 which applies to all the schools, including maintained nursery schools. The Children Act 1989 sets out the Legal Framework.

Roles and Responsibilities for all staff

Safeguarding and promoting the welfare of children is defined for the purposes of this policy as: protecting ALL children from maltreatment and abuse inside or outside of the family home; (including in addition to the four categories of harm, issues such as sexual abuse (including

harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse), child criminal exploitation (CCE), child sexual exploitation (CSE), county lines and serious youth violence, Honour based abuse (HBA) inclusive of Female Genital Mutilation (FGM) and Forced Marriage, preventing radicalisation (extremism, radicalisation and terrorism), harassment, bullying including cyber-bullying, prejudice-based and discriminatory bullying and victimisation, preventing impairment of children's health (physical and mental health) or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes. This includes everyone under the age of 18.

Everyone who comes into contact with children and their families has a role to play in safeguarding children. Due to the regular contact with children all staff at Layfield Primary School hold a particularly important role in safeguarding as we are in a position to identify concerns early, provide help for children and to prevent concerns from escalating. Children can make disclosures or show signs of harm, abuse or neglect at any time and to any individual and safeguarding incidents can occur within school. Therefore, through a thorough induction process and the sharing of this policy to all staff, students and volunteers, it is important that ALL staff:

- Ensure that they clearly understand their school's systems and procedures for sharing information to safeguard and promote the welfare of children as shared in this policy.
- Ensure that they listen to and reflect on the voice of the child at ALL times (taking the child's wishes and feelings into account) and reassure them that they will take seriously any concerns raised to them by the child and both support them and keep them safe. This will include determining what action to take and what services to provide on behalf of the child in need (for non-safeguarding concerns).
- Ensure that they report ANY concerns of harm to any child to the Designated Safeguarding Lead immediately and consistently promote a culture of vigilance in school, where concerns are shared and dealt with as soon as possible. (However, ALL staff can refer their concerns directly to The Children's Hub Hartlepool and Stockton on Tees if necessary and the police in the stated incidents above and all staff should be aware of their local referral process to Local Authority children's social care. They will inform the Designated Safeguarding Lead (or Deputy) as soon as possible if they have reported concerns directly).
- Ensure that they immediately share with the Designated Safeguarding Lead (or Deputy) information shared with them by a child or directly observed/witnessed it and record it. This could include sharing information on behalf of the Designated Safeguarding Lead with other agencies. All discussions, decisions and reasons for them should be recorded in writing adhering to the Layfield Primary School's recording and information sharing policy/procedure. Staff should never let fears of sharing information stand in the way of the need to safeguard and promote the welfare of children.
- Ensure that they feel confident in reassuring victims that they are being taken seriously and that they will be supported and kept safe.
- Ensure that they are aware that children may not feel ready or know how to tell someone that they are being abused, exploited or neglected, and/or they may not recognize their experiences as harmful. Therefore, all staff should ensure that they exercise their professional curiosity and speak to the Designated Safeguarding Lead if they have concerns about a child. This also means considering how best to build trusted relationships with children and young people which facilitate communication.

- Ensure that they maintain an attitude of **'it could happen here'** in respect of any safeguarding issues and report any concerns regarding the behaviour of a child /an adult/staff member in school directly to the Designated Safeguarding Lead/Headteacher.
- Ensure that they feel able to raise concerns about poor or unsafe practices of staff and potential failures in the school's safeguarding regime through whistleblowing procedures and the staff behaviour/code of conduct inclusive of 'Low-Level' Concerns Policy.
- Ensure that they receive appropriate safeguarding and child protection training (including online safety) at induction. This training will be regularly updated. In addition, all staff will receive updates as required and at least annually to support them in recognizing the signs and symptoms of abuse, particularly in support of early identification of needs of children to prevent an escalation of need or risk to the child.
- Ensure from the 1st July 2015 for schools (or 18th September 2015 for colleges) that under the Counter Terrorism and Security Act, April 2015 that the school has 'Due regard to Prevent' and to assess the risk of children and young people being radicalised drawn into extremism/terrorism (based upon potential risks in local area and that clear protocols in place for all visitors so that views are appropriate and not an opportunity to influence others).
- Ensure from October 2015 that there is mandatory reporting to the police in all cases where staff discover that an act of FGM appears to have been carried out.
- Ensure that staff understand through online safety training that technology is a significant component in many safeguarding and wellbeing cases and the additional risks for pupils online and continue to promote the School's Online Safety Policy in the protection of all students. This includes the management of internet access via children's own mobile phones or electronic devices which can allow them unlimited access to the internet without any restrictions using their own data allowance. It is clear in the school's online safety policy, the expectations of pupils regarding their own devices whilst on school site and the consequences of any evidence of inappropriate use of the internet. This includes not using their mobile phones or smart technology to sexually harass, share indecent images (consensually or non-consensually) and view and share pornography and other harmful content.
- Ensure that they remain vigilant whilst visitors are on site and continue to promote the school's commitment to keeping children safe through reminding visitors and parents of the school's appropriate use of personal mobile phones/devices whilst they are on school premises. This includes staff understanding and adhering to the Staff Behaviour Policy inclusive of use of mobile phones and electronic devices.

Layfield Primary School will work with social care, the police, health services and other services to promote the welfare of children and protect them from harm.

The Designated Safeguarding Lead

Layfield Primary School has appointed Helen Owen (Headteacher), to be our Designated Safeguarding Lead. This person has the overall responsibility for safeguarding and child protection, a role which carries a significant level of responsibility. The Designated Safeguarding Lead has the appropriate status and authority within the school to carry out the duties of the post and is given the additional time, funding, training, resources and support needed to carry out the role effectively. The Designated Safeguarding Lead will also provide advice and support to other staff on child welfare and child protection matters. This person is able to take part in strategy discussions and inter agency meetings and to support other

trained staff to do so as well as contribute to the assessment of children. The Designated Safeguarding Lead (and deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns (KCSIE 2022).

Role of the Designated Safeguarding Lead

At Layfield Primary School we have appointed the following Deputy Designated Leads, Joanne Smith (Deputy Headteacher) and Clare Bollands (KS2 Team Leader) , who are part of the Safeguarding Team. They are trained to the same standard as the Designated Safeguarding Lead and the role is explicit in their job descriptions. Whilst the activities of the Designated Safeguarding Lead can be delegated to an appropriately trained deputy the ultimate LEAD RESPONSIBILITY for child protection will not be delegated and remains with the Designated Safeguarding Lead.

The Designated Safeguarding Lead has a very detailed role (see below).

However, if there is an IMMEDIATE safeguarding concern and the Designated Safeguarding Leads are unavailable please seek immediate support via the Children's Hub Hartlepool and Stockton on Tees (Tel 01429 284284 or 01642 130080)

The broad areas of responsibility for the designated safeguarding leads are identified here:

Availability

During term time the Designated Safeguarding Lead (or deputy) should always be available (during school hours) for staff in the school to discuss any safeguarding concerns. Whilst generally speaking the Designated Safeguarding Lead (or deputy) would be expected to be available in person, if the Designated Safeguarding Lead or Deputy are not available in person the Headteacher or Deputy Headteacher would be available and would liaise with the Designated Safeguarding Lead as required. The Designated Safeguarding Lead and school have adequate and appropriate cover arrangements in place for any out of hours/out of term activities.

Manage referrals

The Designated Safeguarding Lead is expected to refer cases:

- Of suspected abuse to the Children's Hub Hartlepool and Stockton on Tees and support staff who make referrals to the Children's Hub Hartlepool and Stockton.
- To the Channel programme where there is a radicalisation concern as required and support staff who make referrals to the Channel programme.
- Where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required.
- Where a crime may have been committed to the Police as required.

Work with others

- Act as a point of contact with the three safeguarding partners.
(Hartlepool and Stockton on Tees Safeguarding Children Partnership)
- Liaise with the Headteacher to inform them of issues, especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations. This includes being aware of the requirements for children to have an Appropriate Adult (PACE Code C 2019).
- As required liaise with the case manager (Headteacher or where the Headteacher is the subject of the allegations the Chair of Trust and the Designated Officer, operating

on behalf of the Local Authority, for child protection concerns (all cases which concern a staff member).

- Liaise with staff (especially teachers, pastoral support staff, school nurses, IT Technicians, and SENCOs) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies so that the children's needs are considered holistically.
- Act as a source of support, advice and expertise for all staff.
- Liaise with the Senior Mental Health Lead and, where available, the Mental Health Support Team, where safeguarding concerns are linked to mental health.
- Promote supportive engagement with parents and/or carers in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances.
- Work with the headteacher and relevant strategic leads, taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that children in need are experiencing, or have experienced, and identifying the impact that these issues might be having on children's attendance, engagement and achievement at school or college.
- Ensure that the school or college knows who its cohort of children who have or have had a social worker are, understanding their academic progress and attainment, and maintaining a culture of high aspirations for this cohort.
- Support teaching staff to provide additional academic support or reasonable adjustments to help children who have or have had a social worker reach their potential, recognizing that even when statutory social care intervention has ended, there is still a lasting impact on children's educational outcomes.

Information sharing and managing the Child Protection file

The Designated Safeguarding Lead is responsible for ensuring the child protection files are kept up to date.

Information should be kept confidential and stored securely. It is good practice to keep concerns and referrals in a separate child protection file for each child.

Records should include:

- A clear and comprehensive summary of the concern
- Details of how the concern was followed up and resolved
- A note of any action taken, decisions reached and the outcome

They should ensure the file is only accessed by those who need to see it and where the file or content within it is shared, this happens in line with information sharing advice.

Where children leave the school (including mid-year transfers) the Designated Safeguarding Lead should ensure their child protection file is transferred appropriately to the any new school or college as soon as possible. This should be transferred separately from the main student file, ensuring secure transit and confirmation of receipt should be obtained. This should be through an electronic system (CPOMS) by the end of the academic year. Receiving schools and colleges should ensure key staff such as Designated Safeguarding Leads and SENCOs or the named person with oversight for SEN in colleges, are aware as required.

Lack of information about their circumstances can impact on the child's safety, welfare and educational outcomes. In addition to the child protection file, the Designated Safeguarding Lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

Raising Awareness

The Designated Safeguarding Lead should:

- Ensure each member of staff has access to and understands the school/college's Child Protection Policy and procedures, especially new or part time staff.
- Ensure the school's Child Protection Policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this.
- Ensure the Child Protection Policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school in this.
- Link with the Hartlepool and Stockton on Tees Safeguarding Partnership to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school leadership staff.

Training, Knowledge and Skills

The Designated Safeguarding Lead and deputy should undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years. The Designated Safeguarding Lead should undertake Prevent awareness training. Training should provide the Designated Safeguarding Lead with a good understanding of their own role, and the processes, procedures and responsibilities of other agencies, particularly children's social care, so they :

- Understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements.
- Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so.
- Understand the importance of the role the Designated Safeguarding Lead has in providing information and support to children social care in order to safeguard and promote the welfare of children.
- Understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes.
- Are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers.
- Understand the importance of information sharing, both within the school and college, and with the three safeguarding partners (Hartlepool and Stockton on Tees Safeguarding Children Partnership), other agencies, organisations and practitioners.
- Understand and support the school with regards to the requirements of the Prevent duty and be able to provide advice and support to staff on protecting children from the risk of radicalisation.
- Are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college.
- Can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online.
- Obtain access to resources and attend any relevant or refresher training courses.
- Encourage a culture of listening to children and taking account of their wishes and feelings, amongst all staff, in any measures the school may put in place to protect them.

In addition to the formal training set out above, their knowledge and skills should be refreshed (this might be via e-bulletins, meeting other Designated Safeguarding Leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, and at least annually, to allow them to understand and keep up with any developments relevant to their role.

Providing support to staff

Training should support the Designated Safeguarding Lead in developing expertise, so they can support and advise staff and help them feel confident on welfare, safeguarding and child protection matters. This includes specifically to:

- Ensure that staff are supported during the referrals processes;
- Support staff to consider how safeguarding, welfare and educational outcomes are linked, including to inform the provision of academic and pastoral support.

Understanding the views of children

It is important that children feel heard and understood. Therefore, Designated Safeguarding Leads should be supported in developing knowledge and skills to:

- Understand the importance of information sharing, both within the school and college, and with other schools and colleges on transfer, including in-year and between primary and secondary education, and with the safeguarding partners, other agencies, organisations and practitioners,
- Understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR) and
- Be able to keep detailed, accurate, secure written records of concerns and referrals and understand the purpose of this record-keeping.

Taken from Keeping Children Safe in Education, 2022: Annex C.

The Designated Safeguarding Lead will:

- Ensure each member of staff has access to and understands the school's suite of safeguarding policies particularly the Child Protection Policy and Child on Child Abuse Policy and the Staff Behaviour/Code of Conduct (inclusive of 'Low Level' Concern, allegations against staff and whistleblowing) Policy, especially new or part-time staff who may work with different establishments.
- Be aware of all school excursions and residentials and clarify with the educational visit coordinator / group leader(s) their role and responsibility in connection with safeguarding / child protection.
- Ensure that a Professional Supervision Policy is in place for all Designated Safeguarding Leads and is a well embedded process in school that allows for critical and reflective practice to promote the educational outcomes and improved mental health and wellbeing of all vulnerable students.
- Ensure that a whole school policy for Induction is in place for all new starters, including members of the workforce and volunteers, to induct them thoroughly into all key aspects of their role and responsibility in school.
- Ensure a whole school policy about managing behaviour and discipline effectively is in place to ensure and good and safe educational environment for all children. This means that ALL staff will take a zero tolerance approach to any unacceptable behaviour including 'banter' and will seek to prevent, challenge and take action so that all children understand that any concerns regarding their welfare and safety will be taken seriously. This will encourage and promote a culture of acceptable behaviour and provide a safe educational environment for all children. This policy should include bullying/cyber-bullying, prejudiced-based and discriminatory bullying inclusive of measures to prevent all forms of bullying among pupils. This policy should additionally include the use of reasonable force. There are circumstances when it is appropriate

for staff in schools and colleges to use reasonable force to safeguard children and young people. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. 'Reasonable' in these circumstances means 'using no more force than is needed'. The use of force may involve either passive physical contact, such as standing between pupils or blocking a student's path, or active physical contact such as leading a student by the arm out of the classroom. When using reasonable force in response to risks presented by incidents involving children with SEN or disabilities or with medical conditions, schools and colleges will consider the risks carefully recognise the additional vulnerability of these groups. We will also consider the duties under the Human Rights Act 1998, Equality Act 2010/36 in relation to making reasonable adjustments, non-discrimination and their Public Sector Equality Duty.

- Ensure an effective whole school policy against bullying/cyber-bullying, prejudice-based and discriminatory bullying inclusive of measures to prevent all forms of bullying among students is in place, as a stand-alone policy but also covered in the Behaviour and Discipline Policy.
- Ensure that an effective record keeping policy regarding information on children's welfare is in place. This should detail the school's procedures and applications for recording information including, e.g. use of CPOMS, what data will be recorded and for what purposes, who in school will have access to this information, how it will be shared and transferred and the school's retention schedule.
- Inform the LA of any student to be deleted from the school admission register and follow missing from Education protocols.
- Inform the LA of any student who fails to attend school regularly, or has been absent without the school's permission for a continuous period of 10 days or more.

Responsibilities of Layfield Primary School's Local Governing Body / The 1590 Trust Board

The Governing Body or Proprietors at Layfield Primary School has a strategic leadership responsibility for Layfield Primary School's safeguarding arrangements and will ensure that the school complies with its duties under legislation including the obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), the Data Protection Act 2018 (UK GDPR) and their local multi-agency safeguarding arrangements.

Governing Bodies and Proprietors should ensure that mechanisms are in place to assist staff to understand and discharge their role and responsibilities as set out in Keeping Children Safe in Education 2022, including confirming that all policies and procedures adopted by the Governing Body or Proprietor (particularly those concerning referrals of cases of suspected abuse or neglect) are understood, and followed by all staff. The Governing Body or Proprietor will also ensure that all Governors receive appropriate safeguarding and child protection (including online) training at induction. This training will equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in Layfield Primary School are effective and support the delivery of a robust whole school approach to safeguarding.

The Governing Body or proprietor has a senior board level (or equivalent) lead to take leadership responsibility for Layfield Primary School's safeguarding arrangements. At Layfield Primary School, the senior lead Governor for Safeguarding is Grace Mitchell.

The role of this individual is to:

- Ensure that the allocation of additional time, funding and resource is sufficient to meet the current safeguarding and child protection activity and challenge and test its effectiveness.

- Ensure the self-assessment tool and Designated Safeguarding Lead report demonstrates fully and accurately the safeguarding arrangements and any action to progress areas of weakness or development.
- Ensure that all governing body or proprietors receive training to clarify their statutory role in keeping children safe to support their quality assurance of those statutory arrangements.
- Ensure that the governing body or proprietors are aware of the changes to Local Safeguarding Children Partnership arrangements and the need for the school to understand their role in effective multi-agency working under the new arrangements.

In Layfield Primary School, the Chair holds these additional responsibilities as they do not hold the safeguarding portfolio.

- Ensure that they liaise with the local authority and/or partner agencies on issues of child protection and in the event of allegations of abuse made against the Headteacher of a school or a member of the governing body of the school.
- Ensure that in the event of allegations of abuse being made against staff (including supply staff, volunteers and contractors) or the Headteacher where the Headteacher is also the sole proprietor of an independent school, allegations should be reported directly to the Designated Officer (DO). Therefore, ensuring effective whistleblowing procedures are in place.
- Ensure that the appointed member of the Layfield Primary School Local Governing Body for Safeguarding holds the Headteacher to account on all matters involving safeguarding through an effective Child Protection Policy that is embedded and followed by the entire workforce in all of the above raised areas.
- Ensure that all staff receive regular safeguarding and child protection updates including online safety (for example, via email, e-bulletins, staff meetings) as required, and at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Governors should also ensure that this training is integrated, aligned and considered as part of the whole school or college's safeguarding approach and culture of vigilance.
- Ensure that the school has appropriate filtering and monitoring systems in place to limit children's exposure to inappropriate and harmful online material. This includes ensuring that an effective whole school approach to online safety is in place to empower the school to protect and educate pupils, students and staff in their use of technology and establish mechanisms to identify, intervene in and escalate any concerns where appropriate. This also means confirming that staff, pupils and visitors to their site follow Layfield Primary School's Acceptable Use Policy/Online Safety Policy. Governors will also ensure that this is regularly reviewed and risk assessed to keep up with evolving cyber-crime technologies and that parents and carers are communicated with to reinforce the messages of children staying safe online (inclusive of online sites that children access and who, from the school, they talk to online, for example remote education).
- Ensure that children are taught about safeguarding, keeping themselves and others safe, including online safety through Relationships and Sex Education and that this approach to teaching is tailored to meet the specific needs and vulnerabilities of individual children and how they identify, including children who are victims of abuse, children with special educational needs or disabilities and children who identify as lesbian, gay, bi or trans (LGBT).
- Ensure that a designated teacher is appointed to promote the educational achievement of Children / Young People In Our Care – CYPIOC looked after children, including

working with the Local Authority's virtual school Headteacher and discuss how pupil premium funding for Children / Young People In Our Care – CYPIOC (looked after children) will be used.

- Ensure they have clear systems and processes in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems.
- Ensure their Child Protection Policy reflects the fact that additional barriers can exist when recognising abuse and neglect for children with Special Educational Needs. These can include: assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration; being more prone to peer group isolation than other children; the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and communication barriers and difficulties in overcoming these barriers.
- Ensure that where children may need to learn online at home, there are clear, safe and effective protocols and provisions in place.
- Ensure that where school or college premises are rented or hired to organisations or individuals that appropriate arrangements are in place to keep children safe.

Information for Parents –

At Layfield Primary School, Governors and staff are committed to keeping our children safe and will take any reasonable action to safeguard and promote their welfare. In cases where the school has reason to be concerned that a child maybe suffering significant harm, ill treatment, neglect or other forms of harm, staff have no alternative but to follow Hartlepool and Stockton on Tees Safeguarding Children Partnership Arrangements and inform the Children's Hub Hartlepool and Stockton on Tees or police of their concern.

Procedures

The Designated Safeguarding Lead (or Deputy DSL) will be informed immediately by an employee of the school, student of the school, parent of the school, other persons, in the following circumstances

- Suspicion that a child is being harmed
- There is evidence that a child is being harmed

The threshold of significant harm is defined in the Children Act 1989 Section 31 (9) as:

- Ill-treatment
- Impairment of health (as compared to a similar child)

Note: harm now includes the impairment of a child's health or development as a result of witnessing the ill-treatment of another person (Adoption and Children Act 2002).

Working together 2018 defines the categories of harm as:

Physical Abuse

A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces illness in a child.

Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

Neglect may occur during pregnancy as a result of maternal substance misuse. Once a child is born, neglect may involve a parent or carer failing to provide adequate food and clothing, shelter including exclusion from home or abandonment, failing to protect a child from physical and emotional harm or danger, failure to ensure adequate supervision including the use of inadequate care-takers, or the failure to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Sexual Abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

*The sexual abuse of children by other children is a specific safeguarding issue (also known as child on child abuse) in education and ALL staff should be aware of it.

**It is more likely that girls will be victims and boys perpetrators but all child on child abuse is unacceptable and will be taken seriously.

Emotional Abuse

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child though it may occur alone.

Children potentially at greater risk of harm

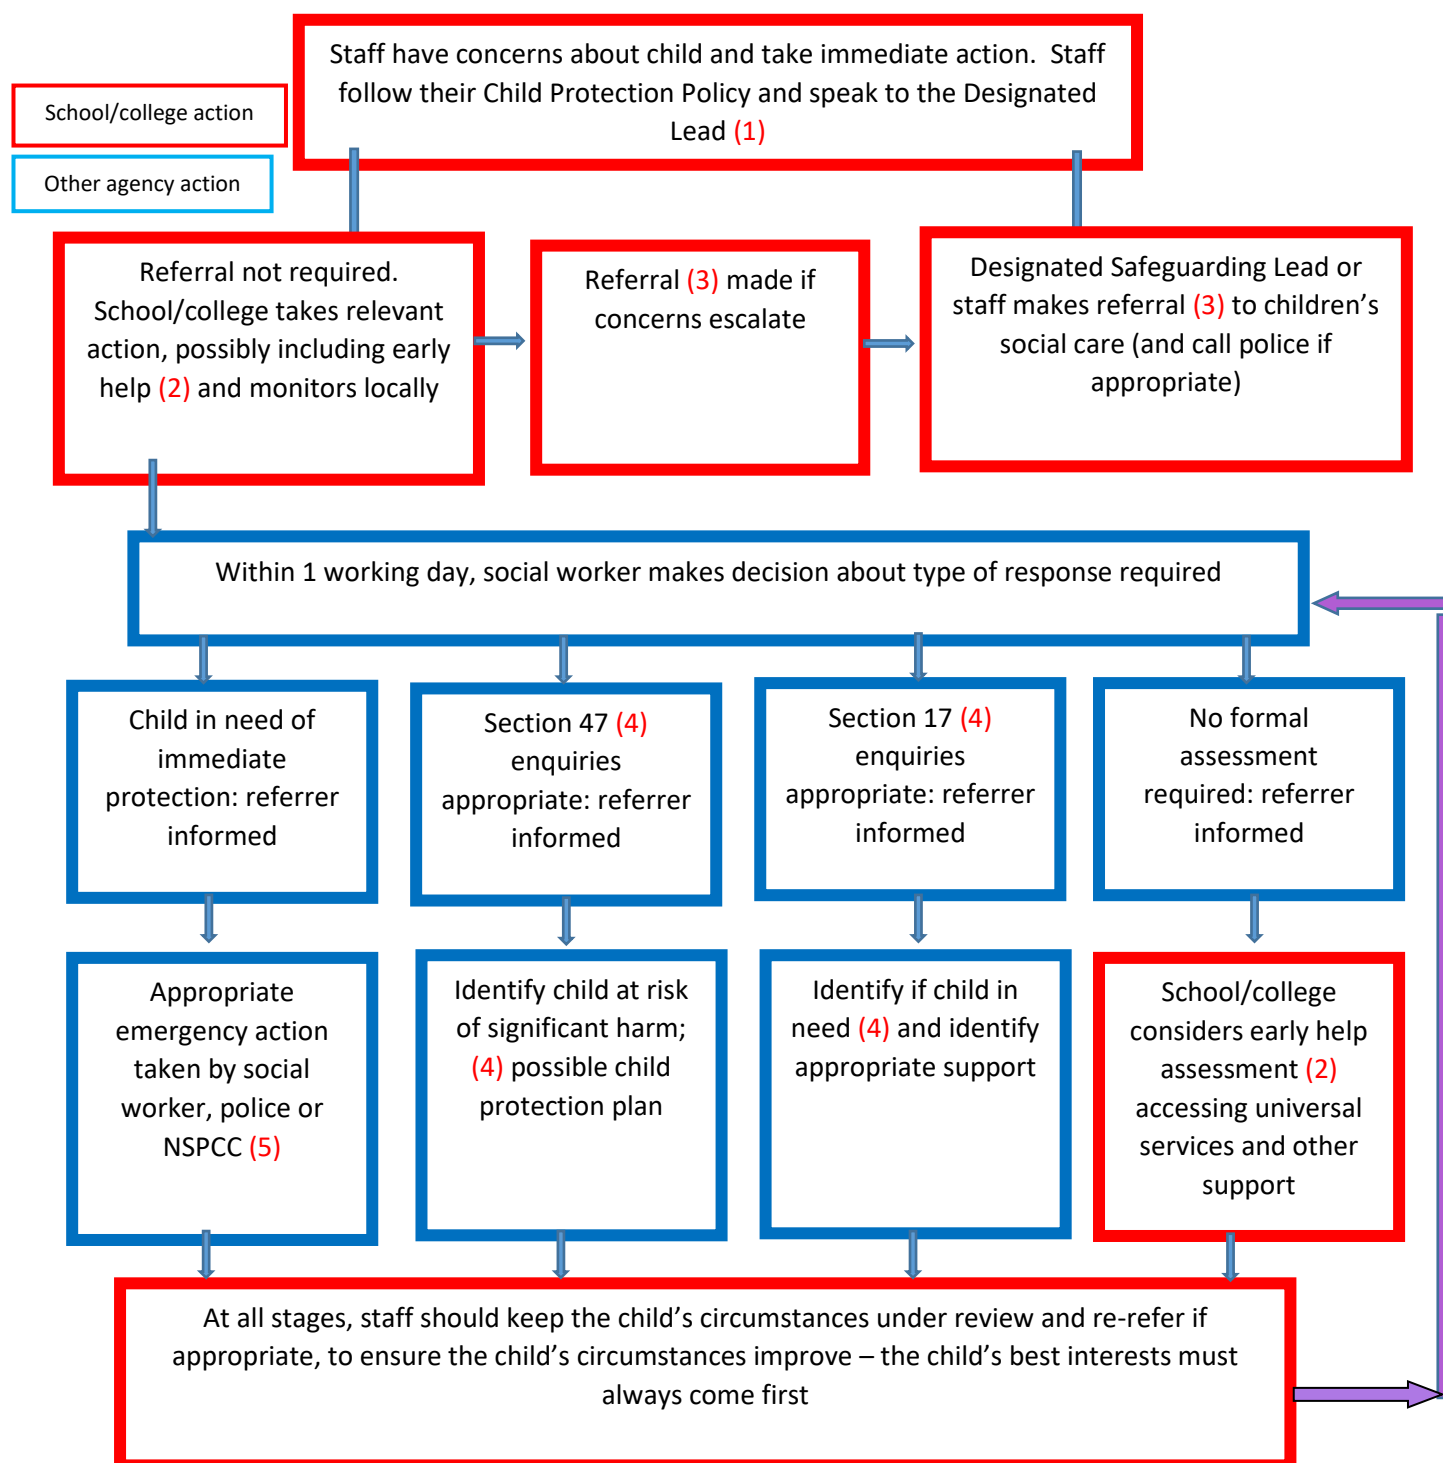

Children may need a social worker due to safeguarding or welfare needs. Children may need this help due to abuse, neglect and complex family circumstances. A child's experiences of adversity and trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour and mental health. Local authorities should share the fact a child has a social worker, and the Designated Safeguarding Lead should hold and use this information so that decisions can be made in the best interests of the child's safety, welfare and educational outcomes. This should be considered as a matter of routine. There are clear powers to share this information under existing duties on both local authorities and schools to safeguard and promote the welfare of children.

All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these

environments. All staff, but especially the Designated Safeguarding Lead (and deputy) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence. Staff should be aware that experience and indicators of girls who are criminally exploited can be very different to boys, but for both boys and girls being criminally exploited they may be at higher risk of sexual exploitation. Staff should also be aware of the indicators that signal a child is at risk from or involved in serious violent crime, for example being missing from education, changing friendships, a decline in school performance, self-harming and unexplained gifts and possessions. Staff should be able to recognise the risk factors that increase the likelihood of involvement in serious violence, such as being male, being absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending such as theft or robbery.

The Designated Safeguarding Lead will keep a full record of concerns raised and make referrals to the Children's Hub Hartlepool and Stockton, if necessary. These records may be either handwritten or electronic but will be stored via a secure system (Moving to a fully electronic system by the end of the academic year). The Headteacher will be kept informed at all times.

From KCSIE 2022 Actions where there are concerns about a child

In cases which also involve an allegation of abuse against a staff member, see Part Four of KCSIE 2019.

Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, and early help inter-agency assessment should be arranged. Chapter One of [Working Together to Safeguard Children](#) provides details guidance on the early help process.

Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. This can include S17 assessments of children in need and S47 assessments of children at risk of significant harm. Full details are in Chapter One of [Working Together to Safeguard Children](#)

This could include applying for an Emergency Protection Order (EPO)

Safe Schools / Safe Staff

Layfield Primary School Governing Body or Proprietors have agreed and ratified the following policies, procedures, processes or systems which must be read and considered in conjunction with this policy.

Whistleblowing / Confidential Reporting Policy

Layfield Primary School's Whistleblowing/Confidential Reporting Policy provides guidance to staff and volunteers on how they can raise concerns and receive appropriate feedback on action taken, when staff has concerns about an adult's behaviour.

Management of a safeguarding concern or allegation about an adult that does or does not meet the harm threshold:

If staff have safeguarding concerns, or an allegation is made about another member of staff (including supply staff and volunteers) posing a risk of harm to children, then this should be referred to the headteacher; where there are concerns/allegations about the headteacher, this should be referred to the Chair of the Trust via whistleblowing@LayfieldPrimary.org.uk Staff may consider discussing any concerns with the school's Designated Safeguarding Lead and make any referral via them.

Consultation without delay with the Designated Officer Phil Curtis at the Children's Hub Hartlepool and Stockton on Tees, **Tel: 01429 401844** will determine what action follows. A multi-agency strategy meeting may be arranged to look at the complaint in its widest context, the Headteacher /a senior member of school staff must attend this meeting, which will be arranged by the Designated Officer. All issues must be recorded on the allegation management form and the outcome reached must be noted to ensure closure. <https://www.hsscp.co.uk>

Where this concern does not meet the harm threshold, all staff should continue to follow their staff behaviour/code of conduct inclusive of 'low-level' concerns policy and share information with the Headteacher. This concern may be where an adult's behaviour is inconsistent with the staff code of conduct, including inappropriate behaviour outside of work but does not meet the allegation threshold.

Training and Support

All staff members should be aware of the systems within Layfield Primary School which support safeguarding and these are explained to them as part of their induction into the school to ensure they can discharge their responsibilities effectively. This includes: the school's Child Protection Policy; the policy and procedures to deal with peer on peer/child on child abuse; the Behaviour Policy (which should include measures to prevent bullying, including cyber-bullying, prejudice-based and discriminatory bullying), the Staff Behaviour/Code of Conduct (inclusive of 'Low Level' concern), allegations against staff and whistleblowing policy (sometimes called a Code of Conduct, at Layfield Primary, this incorporates the Staff Handbook and the Teachers' Standards); Safer Working Practice Document, the safeguarding response to children who go missing from education and the role and identify of the Designated Safeguarding Lead and their nominated deputy.

All staff members receive appropriate safeguarding and child protection training (including online safety) which is regularly updated. Our CPD for staff is integrated, aligned and considered as part of our whole school safeguarding approach, wider staff training and curriculum planning. The governing body decides the frequency and content of this CPD. At Layfield Primary School our whole school training is held annually. In addition, all staff members receive regular safeguarding and child protection updates via staff meetings held termly or internal CPD as required but at least annually to provide them with relevant skills and knowledge to safeguard children effectively and allow them opportunities to contribute to reviewing and shaping the safeguarding arrangements in school inclusive of, the Child Protection Policy.

Professional Confidentiality

Confidentiality is an issue which needs to be understood by all those working with children, particularly in the context of safeguarding. This means only involving those who need to be involved, such as the Designated Safeguarding Lead (or Deputy) and Local Authority children's social care. Layfield Primary School recognises that the only purpose of confidentiality in this respect is to benefit the child. Hartlepool and Stockton on Tees Safeguarding Children Partnership <https://www/hsscp.co.uk>

Record Keeping

Information sharing is vital in identifying and tackling all forms of abuse and neglect, and in promoting children's welfare, including their educational outcomes. Schools and colleges have clear powers to share, hold and use information for these purposes.

Well-kept records are essential to good safeguarding practice. Layfield Primary School is clear about the need to record any concerns, discussions held, decisions made and reasons for those decisions about a child or children within its care. All records include a clear and comprehensive summary of the concern, details of how the concern was followed up and resolved and a note of any action taken, decisions reached and the outcome (Purpose, Action and Outcome). All staff will follow the school's information sharing and recording policies to ensure record keeping is compliant and in line with the General Data Protection Regulations 2018 and Data Protection Act 2018.

Following a child leaving our school we follow the appropriate transfer procedures and retention guidelines and information regarding children who have required statutory intervention at any point in their school career will automatically be shared with the receiving school. This is to ensure that all children are given the right support and intervention and information is shared strictly on a need to know basis.

Safeguarding Recording with Layfield Primary School is CPOMS. Following a child leaving our school we follow the appropriate transfer procedures and retention guidelines.

Appropriate staff have received training in the recording expectations and retention. Following a child leaving our school we follow the appropriate transfer procedures and retention guidelines.

Attendance at Safeguarding Conferences

In the event of Layfield Primary School being invited to attend Child Protection Conferences, the Designated Safeguarding Lead or deputy will represent the school or the school will identify the most appropriate trained member of staff to provide information relevant to the Child Protection Conference (Initial/Review). In the event that those staff members cannot attend the school will aim to send a written report in advance of the meeting.

Supporting Children

Layfield Primary School recognises that children who are abused or who witness violence may find it difficult to develop a sense of self-worth and to view the world in a positive way. Layfield Primary School may be the only stable, secure and predictable element in the lives of some of the children in its care. The school, therefore, recognises that such children might exhibit challenging and defiant behaviour and will take careful note of the context of such behaviour.

As an Operation Encompass partner we work closely with the Operation Encompass Lead with regards to domestic violence incidents and offer wellbeing checks to our students if we are contacted following an incident which has occurred in one of our student's homes.

Layfield Primary School also recognises that children are capable of abusing their peers. Child on Child abuse can take many forms and any concerns raised will be investigated and dealt

with appropriately. No Child on Child Abuse should be tolerated or minimised as part of growing up and **all** those involved will be provided with an appropriate level of support. It is understood that those students who have experienced abuse in their own lives may in turn abuse others. This requires a considered and sensitive approach in order that the child can receive appropriate help and support. See Child on Child Abuse Policy for detailed information.

Therefore, Layfield Primary School will endeavour to support all its students through a clear set of values and standards upheld and demonstrated throughout all aspects of school life:

- The curriculum, to encourage self-esteem, self-motivation, self- protection.
- The school ethos, which promotes a positive, supportive and secure environment and which gives all students and adults a sense of being respected and valued.
- Approaches which allow children and young people to develop critical thinking, literacy skills and digital literacy skills.
- A curriculum that provides preventative education which explores human rights, equality, democracy and tolerance and prepares children and young people fully for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobic and sexual violence/harassment.
- A curriculum where children develop personal resilience, understand and can take appropriate risks or have personal strategies/safety plans that allow them to manage their own safety both on and off line. This can include topics covered as part of Relationships and the Relationships and Sex Education and Health Education as well as Fundamental British Values and the SMSC Curriculum which cover harm, abuse, positive and healthy relationships and crime. Such a curriculum will be fully inclusive and developed to be age and stage of development appropriate (especially when considering the needs of children with SEND and other vulnerabilities) and will include: healthy and respectful relationships, boundaries and consent, stereotyping, prejudice and equality, body confidence and self-esteem, how to recognise an abusive relationship, including coercive and controlling behaviour, the concepts of, and laws relating to sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, so called 'Honour' – Based Abuse such as Forced Marriage and Female Genital Mutilation (FGM) and how to access support and what constitutes sexual harassment and sexual violence and why these are always unacceptable.
- A whole school approach to online safety that considers the four areas of risk: Content; being exposed to illegal, inappropriate or harmful content, for example pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism. Contact; being subjected to harmful online interaction with other users; for example peer on peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial and other purposes. Conduct; personal online behaviour that increases the likelihood of, or causes harm; for example making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying). Commerce; risks such as online gambling, inappropriate advertising, phishing and/or financial scams.
- A coherent management of Behaviour and Discipline Policy and Procedures inclusive of the Use of Reasonable Force.
- Liaison with other professionals and agencies who support children and parents
- A commitment to develop productive, supportive relationships with parents whenever it is in the child's interest to do so.
- The development and support of a responsive and knowledgeable staff group whose role it is to respond appropriately in all safeguarding situations.

Layfield Primary School recognises that, statistically, children with behavioural difficulties and disabilities are the most vulnerable to abuse. School staff who work, in any capacity, with children with profound and multiple disabilities, sensory impairment and/or emotional and

behavioural problems will need to be particularly sensitive to signs of abuse. School staff must give consideration to children who are subject to a statement of special needs, an Education Health and Care Plan or have a medical condition as these can mask safeguarding issues and may often be attributed to the medical condition rather than that a child may be being harmed. Concerns such as changes in behaviour and presentation (both physical and mental) must be considered for each individual child and their own circumstances and must not be dismissed. Children with SEND and certain medical conditions are often more prone to peer group isolation than other children and there is greater potential for children with SEND and certain medical conditions and disabilities being disproportionately impacted by behaviours such as bullying (including prejudice-based bullying), without outwardly showing any signs. Therefore, time must be taken to ensure that the full circumstances of any child who has additional needs and requires support around language and communication is shared at the point of referral to ensure the best possible outcome for the child is always achieved and their voice through any form of communication is always heard. To address these additional challenges, we provide extra pastoral support for children with SEN and certain medical conditions.

Layfield Primary School also recognises that in a home environment where there is domestic violence, drug or alcohol misuse or mental health issues children may also be vulnerable and in need of support and protection.

This policy **MUST** be read in conjunction with other related policies in school.

These include:

- **Robust School Recruitment and Selection policy** - inclusive of safer recruitment guidance and regulation for example a **Single Central Record** which demonstrates the pre-employment vetting checks for all staff (e.g. identity, professional qualifications, right to work in the UK, further checks on people who have lived or worked outside of the UK for the workforce who are in regulatory activity (enhanced DBS, children's /adult barred list, prohibition from teaching Section 128 check for management positions) and supervision of those who do not meet this requirement.
- Clear recruitment procedures which embed keeping children safe across every aspect from vacancy to conditional appointments, induction and an ongoing culture of vigilance.
- Trained panel members who ensure that the policy works in practice in all recruitment and selection within the school.
- School Staffing (England) Regulations 2009, Regulation 9: requires governing bodies of maintained schools to ensure that at least one member of a recruitment panel must undertake safer recruitment training to satisfy all the requirements in statutory guidance in Keeping Children Safe in Education 2022 and Working Together 2018. At Layfield Primary as an academy we share this commitment.
- Stockton School's Human Resources Manual – policies and procedures
- **Staff Behaviour Policy** (code of conduct) inclusive of low-level concerns, allegations against staff, whistleblowing Policy and Safer Recruitment Consortium Guidance for Safer Working Practices for those working with Young People in education settings 2022. Layfield Primary School will ensure that all staff and volunteers are aware of the need for maintaining appropriate and professional boundaries in their relationships with young people and agree to work within all policies and procedures to safeguard both children and adults.
- Layfield Primary School will ensure that staff and volunteers are aware that sexual relationships with students aged under 18 are unlawful and could result in legal proceedings being taken against them under the Sexual Offences Act 2003 (Abuse of Position of Trust)
- **Behaviour & Discipline Policy** – inclusive of the Use of Reasonable Force / positive handling and confiscating and searching.

- **Anti-Bullying Policy/ Online Bullying Policy.**
- **Online Safety Policy** inclusive of appropriate usage documentation (covering the use of mobile phones, cameras and all other technology within the school setting).
- **Remote/home learning policy** inclusive of all expectations for children learning at home.
- **Record keeping policy** inclusive of all procedures around the recording, storing and transferring of information regarding children.
- **Inclusion & Special Education Needs Policy**
- **The Schools Educational Visits / Off Site Policy** (reviewed annually) reflects the consideration we give to the safeguarding of our children both within the school environment and when away from the school when undertaking school trips, visits or students being creatively educated.
- **Child on Child Abuse Policy**
- **Mental Health and Wellbeing Policy/Process/Plan**
- **Photographic & Digital Imagery Policy** with parental consent forms annually signed.
- **Administration of Medicines Policy** and Procedures with trained staff who manage this.
- **Students with Medical Needs Policy** and implications for the workforce, students and partnership with parents
- **Attendance Management Policy-** school management for attendance and the partnership with the LA in reporting children missing from education and those deleted from the school's admission register. This includes the need for two emergency contact details for every student, where possible.
- **Missing Children Policy** – inclusive of runaways, missing and children missing from education, ensuring appropriate safeguarding responses.
- **Complaints Policy**
- **Allegation Management Policy**
- **Confidentiality and Whistleblowing Policy.**
- **Information Sharing Policy** (internal and external exchange of information)
- **Looked after Children Policy** inclusive of a named LAC teacher (Claire Pack) whose role is to champion the achievement of Children / Young People In Our Care – CYPIOC (LAC) in our school and work closely with the Designated Safeguarding Lead and the Virtual Headteacher within the LA who has responsibility for the Children / Young People In Our Care – CYPIOC (LAC).
- **Intimate Care and Care Plan Policy** – inclusive of procedure to support students who have an accident and either wet, soil or menstruate and need assistance.
- **Unaccompanied travel** to and from school procedure to ensure students safety.
- **Single Equality Scheme**
- **Spiritual, Moral, Social and Cultural Curriculum** inclusive of Female Genital Mutilation, Domestic abuse, Child Sexual Exploitation, Mental Health and Well-being and Fundamental British Values.
- **Relationship and Sex Education (RSE) Policy** inclusive Health Education content.

The template for this policy has been developed in partnership with members of CAPE (National Group of Education Leads for Safeguarding and Child Protection across the North West/East), Sunderland City Council Education Safeguarding Team remodelled and adapted it to suit local/regional need. Between 2014-2022 this template was again revised in partnership with Pam Gartland: Safeguarding First Ltd to provide a guidance tool for schools in light of the new statutory DfE guidance Keeping Children Safe in Education.

This Policy will be reviewed annually or in light of any changes in legislation and/or guidance. This policy will be updated by our School at any time that local solutions such as front door services in social care or the LADO details change. This policy may also be amended following the annual review with staff where our School's procedures or practices may change following whole staff discussion or training to ensure it is the most effective policy in keeping our children safe.

This policy must be ratified by the governing body signed/dated by both the Headteacher and Chair of Layfield Primary School Local Governing.
