Halloween Safety Tips

Younger children should always walk with an adult. Older children should always walk in a group.

Only go to houses where you can see a light on.

Use torches, glow sticks or reflective tape to make it easier to be seen in the dark.

Only go to houses where you know the people who live there.

Pay attention when walking past driveways to make sure cars aren't pulling in or out.

Be aware of flames e.g. lit candles, and keep at a safe distance.

Costumes and shoes should fit properly to avoid trips or falls.

Costume accessories, such as swords, shouldn't be sharp. They should be soft and flexible.

Do not eat any sweets / treats until your adult says you can.

Cross at a safe place along the road.

Walk, don't run.

The Children's Hub is the first point of contact for anyone who has a concern about the welfare or safety of a child or young person or thinks they may need extra help and support. When contacted, they will listen to what they are being told and the different agencies might share information with each other to try and work out whether they can help.
